You are invited to read about the 120 Eucharistic miracles described on 140 panels of the Vatican International Exhibition of the Eucharistic Miracles of the World. The accounts ranged from well known visions such as Our Lady of Guadalupe to lesser-known ones such as the Eucharistic miracle that occurred in 1412 in Herentals, Belgium. A variety of miracles, including healings and visions, have been attributed to Eucharistic adoration.

With an extensive assortment of photographs and historical descriptions, the exhibition presents some of the principal Eucharistic Miracles throughout the ages in various countries of the world and which have been recognized by the Church. By means of the panels, one can "virtually visit" the places where the Miracles took place.

The Real Presence Association, Inc., presents the exhibit. The organization is dedicated to spreading Eucharistic Adoration around the globe. For more information please visit www.therealpresence.org/eucharst/mir/a3.html
