

The Meditation Gardens of St. Henry's

The Garden Committee designs, plants, grooms and nurtures the various garden spaces at St. Henry's parish. Volunteers share the work of their hands and resources in enhancing the landscape and wooden areas. Families are encouraged to act as caretakers of a chosen space and are invited to maintain their area throughout the season. As the gardens regenerate, they will continue to provide a reflective place for prayer, rest, comfort and celebration.
